

Be a member of Ballymun's first **MULTIMEDIA YOUTH CLUB!** An exciting new club, not only in The Reco but online: a real and virtual youth community of young people. You can communicate with each other and the world of the Internet about almost anything. Membership is your way into daily member access to the internet and to special projects in digital film making, photography, animation, music recording, gaming and lots more!

Any **GROUP** of young people {from clubs, school, community groups..} can avail of the state of the art **CITY** facilities now available in The Reco. Just book in and we'll shape it to fit your needs. Your group could opt for supervised access to the Internet or it could create a short film. Ask in The Reco for our menu of **CITY** Service options for groups.

At the weekends the main **CITY** suite is open as a pay-as-you-go internet café for **INDIVIDUAL** young people from 11-5pm, €1 per hour on the hour.

**BRYR's manager (Donnacadh Hurley) says:** "CITY is Communications **THROUGH** Information Technology for Young people. Good communications are the key to a good life and these new technologies will be with us for ever. That's why BRYR is launching this new initiative: to help young people to have IT skills for a better life, and to have a lot of fun on the way!"
